

Mathematics Level Three (Final Year) Project 2017/18 (MA3990)

Background and Project Plan Assessment Form

Student Name:

Marker:

Project Title:

<i>Assessment Criteria</i>	Fail	Very poor	Pass	Average	Good	Very good	Excellent	Comments & Feedback (please fully justify your marks)
<i>Grades</i>	F	E	D	C	B	A	A*	
1. Depth, complexity, and overall grasp of the mathematical and other (e.g. economic) background information.								
2. Relevance (in relation to project goals) of the background material; quality and extent of source synthesis; consistency and correctness of referencing.								
3. Clarity and suitability of the project's goals; justification of the proposed analytical and/or numerical tools for the implementation of the project.								
4. Clarity, definiteness and feasibility of the planned activities/actions, and evidence of realistic time management (Gantt chart required).								
5. Clarity and correctness of the exposition, consistency of notation, and overall quality of the presentation (including quality of the written English).								

Total grade: _____
